Heritage Program

Who:
You are an undergraduate student of Latvian descent. You are interested in Latvian language and culture. You have been considering a semester or a year abroad. You would like to study economics, business, entrepreneurship, or the social sciences at a high level at a ranked European university. You want to be a part of Latvia, not just learn about it.

What:
The SSE Riga Heritage Program invites university students of Latvian heritage to study in Latvia for a single semester up to one year at the Stockholm School of Economics in Riga (SSE Riga). SSE Riga is a wholly Latvian owned and accredited undergraduate college specializing in economics, business, finance, management, and entrepreneurship. All courses at SSE Riga are taught in English. The Heritage Program students will be offered a choice of economics, business and entrepreneurship courses as well as elective Latvian language and culture courses to complement their curriculum.

When:
Applications should be submitted:
• for Fall Semester by April 1;
• for Spring Semester by November 1.
Applications will be considered on a first come, first served basis.

Where:
SSE Riga is located in the historic Art Nouveau district in the heart of Riga, a 5 minute walk from the old town Vecriga.

How:
Interested students should contact the exchange departments at their respective universities for the rules and regulations regarding exchange. Tuition at SSE Riga is EUR 6,000 per year or EUR 3,000 per academic semester. For information concerning SSE Riga requirements and immigration information please contact Director of Information Services Christopher Rieber: christopher.rieber@sseriga.edu

Why:
The Heritage Program allows students to experience Latvia first hand — meeting new friends, making connections, learning the experience of being one of its people. SSE Riga offers unprecedented access to faculty, including high-ranking members of the Latvian government who also teach at the school. The Heritage Program opens the door to life and opportunity in Latvia while providing value for your bachelor’s degree.
