Average
rating

9.7 /10

Who is the programme for?

Mini MBA programme is designed to fast-track your knowledge of business fundamentals and expand your business network. Participants come from a wide variety of organisations and typically have five or more years of management experience and are responsible for establishing policy at corporate or divisional levels.

Programme at a glance

- Ten-day programme for managers who want to become knowledgeable in a variety of business-related areas in order to advance in their careers
- The programme consists of six modules which equip participants with a cross-functional approach to business
- The programme features professors from top-tier international business schools
- Participants discuss situations in their own business environments and analyse various case studies

Content

Module 1 | Competition

Pinpoint your company's competitive position in the market, and identify strategic options to maintain or change this position.

Module 2 | Finance Fundamentals

Learn how to read financial statements and gain an understanding of how financial decisions are made at your company.

Module 3 | Marketing

Create a framework for a go-to-market strategy and its corresponding marketing tactics.

Module 4 | Finance Management

Explore the finance side of the business, how operations are tied to provide proper return to investors and to increase company value for the owners.

Module 5 | Leadership

Scrutinize important models of human performance and how they can be applied to different organizational context to enhance your managerial effectiveness.

Module 6 | Strategy

Examine strategic issues at the core of business decision-making using a range of analytical frameworks and techniques.

Faculty

John Branch,
